

ES1026-2F

1U Rack Mounting

26-port 100M Fiber/Copper Port Layer 2 Unmanaged Ethernet Switch

- Support 24 100M copper ports and 2 100M fiber ports
- Input power supply 100~240VAC
- Support 0~70 °C wide operating temperature range

3onedata Co.,Ltd.

Introduction

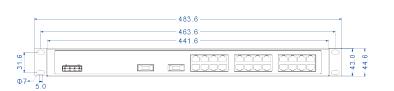

ES1026-2F is 26-port 100M fiber/copper port layer 2 unmanaged Ethernet switches. The device provides 24 100M copper ports and 2 100M fiber ports. It adopts rack mounting to meet the requirements of different application scenes.

The products conform to FCC, CE standard. Hardware adopts fanless, low power consumption, wide temperature and voltage design and has passed rigorous industrial standard tests, which can suit for the industrial scene environment with harsh requirements for EMC. It can be widely used in smart grid, rail transit, smart city, safety city, new energy, intelligent manufacturing and other fields.

Dimension

Unit:mm

Specification

Standard & Protocol	IEEE 802.3 for 10Base-TX IEEE 802.3u for 100Base-TX and 100Base-FX
Interface	Copper port: 10/100Base-T(X), RJ45, Automatic Flow Control, Full/half Duplex Mode, MDI/MDI-X Autotunning
